Security For Life
Security Red-Alert

Fire and security, designed, installed and looked after by one London team

For architects, designers, contractors, developers and building owners. A family-run company in Summerstown, London SW17, working across London and the South East since 2001, with our own engineers from survey to handover.

What we do

Fire alarm systems

Design, installation, commissioning and servicing to BS 5839-1 and BS 5839-6. Conventional, addressable and wireless.

New systems from £1,200 + VAT · servicing from £180 + VAT

Emergency lighting

Installation, the annual full-duration test to BS 5266-1 and repairs, with its own certificate.

Annual test from £150 + VAT

AOV smoke ventilation

Automatic opening vents for stair cores and corridors, linked to the fire alarm, installed and serviced to BS 7346-8.

Priced per building after a free survey

Fire sprinklers

Residential systems to BS 9251 and commercial systems to BS EN 12845, new build and retrofit.

Priced from drawings

Door entry and access control

Audio and video door entry, fob, card and keypad access, smartphone answering and panel upgrades.

From £900 + VAT installed

CCTV and intruder alarms

HD and 4K CCTV with app viewing. Intruder alarms installed under our SSAIB approval.

CCTV from £950 + VAT · alarms from £850 + VAT

All prices are a guide and plus VAT. Every job gets a free survey and a fixed written quote, with no commitment to go ahead.

How we work with design teams

1
Send the drawings and the fire strategy or fire risk assessment. We can visit the site at no cost.

2
A fixed written price, with our assumptions and any questions listed, not guessed.

3
First and second fix to the main contractor's programme, by our own engineers.

4
Commissioning, certificates and O&M information at handover, then servicing if wanted.

Recent projects

Mixed-use refurbishment, Streatham SW16
New sprinkler system, fire alarm upgraded to semi-addressable, and an automatic smoke vent at roof level.

Refurbished block, Dalston E8
Fire sprinkler system installed as part of the building works, with a five-camera CCTV system.

New residential block, Hoxton N1
Communal fire alarm and an AOV system controlling the rooftop smoke vent, with the certificates the building needed to be signed off.

Two industrial units, Wimbledon SW19
For a building services contractor: a wireless fire alarm fitted and certificated in each unit.

Independent school, Croydon CR0
CCTV, Paxton access control and Paxton gate entry with gate closers.

Solicitors' office, Mayfair W1
New video door entry for the office floor and access control on three internal doors.

Who we work for

- Architects and designers
- Main contractors and builders
- Developers
- M&E and building services contractors
- Managing agents and freeholders
- HMO landlords and letting agents
- Schools, care homes and surgeries
- Offices, shops and restaurants
- Places of worship, clubs and hotels

Why choose us

- One contractor for the fire alarm, emergency lighting, AOV, sprinklers, door entry, access control and CCTV, so the client gets one set of certificates.
- Our own engineers, the same team from survey to handover. Certificates issued after every visit.
- Clear, fixed written prices. Free surveys and site visits with no commitment.
- Calls answered 24 hours a day. Rated 5.0 on Google from over 30 reviews.
